- STEM CAMPS
- SPORTS CAMPS
- FINE ARTS CAMPS

Dear Students and Parents,

Garces Memorial High School is pleased to offer Summer School with a series of academic and athletic classes and camps for students entering grades five through twelve in the academic year 2019 - 200. This is our twenty-fourth year of operation. It is our goal to make summer vacation both enriching and enjoyable for our students. This catalog introduces you to our programs and provides you with the information you will need to register. You can also download our summer school registration form at our school website, [www.garces.org](http://www.garces.org).

High school students interested in taking a class for credit or preparing for the challenging year ahead will find our High School Curriculum a perfect fit. In addition to our traditional summer school classes in nearly all academic disciplines, we offer college planning courses like Math SAT Prep, Verbal SAT Prep, and College Essay Workshop. We also offer athletic classes as well as fun enrichment classes like guitar lessons, band, and photography. Ten unit academic courses are open to high school students from any school as long as permission is given from the public school.

Whether middle school students are interested in expanding their writing, math, science skills or developing their artistic or musical talents, our middle school classes and camps are a perfect fit. Our middle school programs are open to students entering fifth, sixth, seventh and eighth grades next year. Students can come for two weeks or stay for the entire month. Each two-week long session makes it possible for students to explore new interests and make friends while experiencing a high school campus. Students can join our new STEM Camp, Fine Arts Camp, Sports Camp, Aquatics Camp or take a variety of academic and enrichment classes.

Our Sports and Aquatic Camps provide group instruction in tennis, swimming, diving, water polo, basketball, and volleyball. The camps are staffed by Garces and non-Garces faculty, coaches and graduates and the focus is on fun. The camps are dedicated to teaching teamwork, sportsmanship and positive self-esteem.

Please feel free to contact us if you have any questions. We hope to see you this summer!

# General Information

## Important Dates for All Classes

### REGISTRATION

- March 4, 2019 Priority registration begins for Summer School and Summer Camps at Garces
- May 3, 2019 Last day of priority registration for all classes, except second semester high school classes
- May 6, 2019 Late registration begins (\$50.00 Fee)

### CLASS SCHEDULES

- May 6 - June 28, 2019 Schedule Changes (\$50.00 Fee)
- May 3, 2019 Last day to withdraw - must be in person in writing

**May 29, 2019 Schedules to be picked-up  
(not mailed)  
3:00 p.m. - 5:00 p.m.**

- May 29, 2019 Book Store Open (3:00 p.m. - 5:00 p.m.)
- June 3, 2019 Ten Unit, 5 Unit and All 1st Session Classes Begin
- June 14, 2019 Last Day for 1st Session Classes
- June 17, 2019 2nd Session Classes Begin
- June 18, 2019 1st Semester Exams (10 Unit Classes)
- June 19, 2019 2nd Semester Begins For 10 Unit Classes
- June 28, 2019 Last Day for 2nd Session Classes
- July 4, 2019 School Holiday
- July 8, 2019 Final Exams/Last Day of Class for 10 Unit Classes
- July 19, 2019 Final Grades Mailed for Credit Courses

### TUITION

All tuition prices are quoted at the end of the description for each course. Tuition must be paid in full at the time of registration. Included in the tuition is a \$75.00 non-refundable registration fee. Tuition refund requests must be submitted in person, in writing. Tuition will NOT be refunded for applications withdrawn after May 3, 2019.

**Books are not included in the tuition fee.**

### BOOKSTORE HOURS

May 29, 2019, 3:00 p.m. - 5:00 p.m.  
Most academic courses require a textbook or packet.

### 5 AND 10 UNIT CLASSES ONLY

Credit may be withheld if a student is absent more than twice or is tardy more than three times during the equivalent of one semester. Students who anticipate an extended absence from school must receive prior approval from the Director of Summer School. Once the absence is excused, the Director of Summer School will schedule the mandatory classroom make-up sessions for the student.

### SCHEDULE

Ten unit classes meet from 7:30 a.m. - 12:45 p.m.  
All other classes:

"0" Period	6:15 a.m. - 7:30 a.m.
First Period	8:00 a.m. - 9:15 a.m.
Recess	9:15 a.m. - 9:35 a.m.
Second Period	9:40 a.m. - 10:55 a.m.
Lunch	10:55 a.m. - 11:25 a.m.
Third Period	11:30 a.m. - 12:45 p.m.
Fourth Period	1:00 p.m. - 2:15 p.m.
Evening/Other	Time TBA

The cafeteria is open for snacks and lunch. GET bus service is available. Please contact GET for a schedule.

**CAFETERIA HOURS 9:00 a.m. - 11:30 p.m.**

### MATH PLACEMENT TEST

ALL STUDENTS entering 5th -8th grades who are registering for the first time for any math class are required to take a placement test. Returning students may select a math class or sit for the placement test.

Test Date: Tuesday, April 30 • Time: 3:45 p.m. Location: MLH

### ATTENDANCE POLICY

Students are expected to be in class on time each day. If a student is absent from school, please call the attendance office 327-2578 prior to 8:00 a.m. on the day of the absence. If your son/daughter will be absent on the first day of class, please specify the date your son/daughter will arrive for class in the space provided on the Registration Card.

**Students are not allowed to leave campus between classes or during breaks. Leaving constitutes "ditching" school and will be dealt with accordingly and may result in dismissal from summer school.**

**Students who drive are only allowed to park in the student parking lot on the westside of the campus.**

# High School 10-Unit Credit Courses

THE FOLLOWING COURSES WILL BEGIN MONDAY JUNE 3  
AND END MONDAY JULY 8, MONDAY THROUGH FRIDAY, FROM 7:30 A.M. TO 12:45  
P.M. THE SECOND SEMESTER BEGINS ON WEDNESDAY, JUNE 19, 2019.

Students who pass these courses will receive 10.0 units towards the fulfillment of a College Prep graduation requirement in the specific subject area. Grades will be assigned on a 4.0 scale and will be posted on the Garces transcript. These grades and units will be used in determining the student's GPA or class rank at GMHS. The grades may be a factor in determining extra curricular eligibility and/or in fulfilling requirements for college admission. Garces students enrolling in the following classes should complete a Summer School Contract with their counselor.

## ALGEBRA I

This course is an introduction to the principles of Algebra 1. It satisfies the Garces and CSU mathematics requirement for Algebra I.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

## ALGEBRA 2

This course is designed for students who have completed one year of Algebra I and Geometry. At the completion of the course, the instructor will recommend Garces students for the appropriate placement in the next math course. It satisfies the Garces and CSU mathematics requirement for Algebra II.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

## ART I

This course teaches students a common core of knowledge, develops and refines students' sensibilities, and enables students to express their own creativity. Art I provides experiences with elements and principles of design, art history, color, perspective, human drawings and other various mediums. This class is open to students entering grades nine through twelve. This course meets the Garces Fine Arts requirement for graduation and the Visual and Performing Arts requirement for the University of California and the California State University systems.

Tuition is \$725.00 - Lab Fee is already included.

(\$400.00 if only registering for one semester)

## CHEMISTRY

This laboratory science course is designed for sophomores or juniors to meet the Chemistry science requirement. Students will study the structure and properties of matter. The students in this class will have daily labs following the California State Standards fulfilling the requirements for the University of California and the California State University systems.

Tuition is \$750.00 (this fee includes lab fees)

(\$400.00 if only registering for one semester)

## ECONOMICS/GOVERNMENT (Semesters 1 & 2)

Students entering grade twelve may take this course for credit. This course will cover basic macro and micro economic principles as well as a detailed analysis of the way the government works. The emphasis is divided equally between the two disciplines. Students are active participants in a fast paced class. Through discussion and a minimum of lecture, students are encouraged to become actively involved in the class. Students should have a minimum cumulative GPA of 3.0 to consider the rigors of this course. This course meets the Garces requirement for graduation and accepted high schools social studies requirement.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

\*\*Economics is taught in the 1st Semester

## ENGLISH

Garces Memorial requires each student to take and pass 8 semesters of English for graduation. This course is designed for those students who want or need to remediate any one or two semesters of English at any level, grades nine through twelve. This class will cover various pieces of literature, elements of grammar, essay structure and vocabulary enhancement. This class will also include oral discussions, tests and a research paper.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

# High School 10-Unit Credit Courses

THE FOLLOWING COURSES WILL BEGIN MONDAY JUNE 3 AND END MONDAY JULY 8, MONDAY THROUGH FRIDAY, FROM 7:30 A.M. TO 12:45 P.M. THE SECOND SEMESTER BEGINS ON WEDNESDAY, JUNE 19, 2019.

Students who pass these courses will receive 10.0 units towards the fulfillment of a College Prep graduation requirement in the specific subject area. Grades will be assigned on a 4.0 scale and will be posted on the Garces transcript. These grades and units will be used in determining the student's GPA or class rank at GMHS. The grades may be a factor in determining extra curricular eligibility and/or in fulfilling requirements for college admission. Garces students enrolling in the following classes should complete a Summer School Contract with their counselor.

## **GEOMETRY (P)**

This course is an introduction to the fundamentals of Euclidean Geometry and explores relationships, principles of geometric figures and deductive thinking of proofs. It satisfies the Garces, and CSU mathematics requirement for graduation.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

## **SPANISH I, II, III**

This course is designed for students interested in learning Spanish. Students may enroll in Spanish I, Spanish II or Spanish III. This class fulfills one year of the language requirement for the University of California and the California State University systems.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

## **U.S. HISTORY**

This class will be academically rigorous and will parallel the expectations and experience a student would attain during the regular school year. The program in United States History is designed to provide students with the analytical skills and factual knowledge necessary to deal critically with the problems and materials in United States history. Students should learn to assess historical materials- their relevance to a given interpretive problem, their reliability, and their importance—and to weigh the evidence and interpretations presented in historical scholarship. This class fulfills the requirement for Garces and the University of California and the California State University systems.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

## **WORLD HISTORY**

Students in grade ten study major turning points that shaped the modern world, from the late eighteenth century through the present, including the cause and course of the two world wars. They trace the rise of democratic ideas and develop an understanding of the historical roots of current world issues, especially as they pertain to international relations. Students develop an understanding of current world issues and relate them to their historical, geographic, political, economic, and cultural contexts. Students consider multiple accounts of events in order to understand international relations from a variety of perspectives. Students should consider that this course is a college prep class and homework will be assigned accordingly. This class fulfills the requirement for Garces and the University of California and the California State University systems.

Tuition is \$725.00

(\$400.00 if only registering for one semester)

# High School

## OTHER CREDIT COURSES

All classes are Monday June 3 - Friday June 28.

PLEASE NOTE: THE FOLLOWING CREDIT COURSES WILL MEET MONDAY, JUNE 3 THROUGH FRIDAY JUNE 28. THE CLASS PERIODS OFFERED ARE LISTED BELOW EACH COURSE DESCRIPTION.

Students who successfully pass the following courses will receive units towards the fulfillment of a graduation requirement in the specific subject area. Grades will be assigned on a 4.0 scale and will be posted on the Garces transcript. These grades and units will be used in determining the student's grade point average or class rank at Garces Memorial. The grades may be a factor in determining extra curricular eligibility and/or in fulfilling requirements for college admission.

### **ALGEBRA I- ACCELERATED, 5 UNITS**

This course is equivalent to the second semester of the Algebra I (P) course. This course is designed for incoming freshmen who wish to be considered for Geometry in the fall. Incoming freshmen: Students who scored below 80% on the second semester equivalent of the Algebra I (P) Challenge Exam are recommended to take this course. At the conclusion of this course, students will be able to retake the entire Algebra I (P) Challenge Exam. If they score between 80-89%, they will be eligible to enroll in Geometry (P) and those who score 90% or above will be eligible to enroll in Honors Geometry. Eighth Grade Algebra I is a prerequisite for this class. Tuition is \$375.00  
(This class meets for both Periods 1 and 2)

### **COMPUTER APPLICATIONS, 5 UNITS**

This course is designed for students to fulfill their graduation requirement in computer applications. All students are required to successfully complete the computer applications course. Elements included in this requirement include keyboarding (20 correct words per minute), word processing (software skills necessary to produce academic essays and lab science reports), spreadsheets (basic and intermediate data processing skills), Tuition is \$375.00  
(This class meets for both Periods 3 and 4)

### **THEOLOGY 9-12, 5 UNITS**

This course will fulfill the requirement for any one semester Theology course not passed or received a D during the regular academic year. Only those students who have failed a course or who would like to improve a grade that was given during the academic year are eligible for the course. The topic of the course will be determined by the needs of the students enrolled in the course. This course may be taken only once during a student's high school career. This class meets from June 3 to June 28 regardless of which semester you are making up. Tuition is \$375.00  
(This class meets for both Periods 3 and 4)

### **HEALTH EDUCATION, 5 UNITS**

This course is designed to teach skills for wellness. It offers the students rich opportunities for analyzing their behaviors and learning new ways to create healthy lifestyles. Topics include nutrition and fitness, facts about HIV and AIDS, prevention strategies, while focusing on abstinence, substance abuse, and safety and first aid. Students who successfully pass the Health Education course will receive 5.0 units towards fulfilling their graduation requirements at Garces or any other acceptable high school. Tuition is \$375.00  
(This class meets for both Periods 1 and 2)

# High School Courses

## ACADEMIC NON-CREDIT COURSES

Students taking the following classes will receive a pass/fail grade. The grades received in these classes will not factor into the student's grade point average at Garces Memorial nor will the grade be posted on the Garces transcript. No credit toward graduation will be given for these classes.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

### ENGLISH 9 SUMMER BRIDGE

This course is designed to introduce and to develop the skills necessary for success in the first year of English at Garces. The focus of the class will be on the development of study skills, vocabulary, grammar, writing, and literature. During second period, students will complete the summer reading requirement for the freshman year. This course is designed for incoming Garces freshmen who were recommended to take this course in their acceptance letter and any incoming freshmen who need or want extra practice.

\*\*non-Garces students may take the 1st period only for \$200.

Tuition is \$350.00

(This class meets Period 1 and 2)

### SUMMER READING GRADE 9

This course is designed to meet the Garces Summer Reading Requirement for students entering the ninth grade. The selections from the required SUMMER READING PROGRAM will be taught in class through writing assignments, oral discussions, direct analysis, and testing. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Periods 1, 2, 3, or 4)

### SUMMER READING GRADE 10

This course is designed to meet the Garces Summer Reading Requirement for students entering the tenth grade. The selections from the required SUMMER READING PROGRAM will be taught in class through writing assignments, oral discussions, direct analysis, and testing. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### SUMMER READING GRADE 10(H)

This course is designed to meet the Garces Summer Reading Requirement for Honors English 10. Classes will be in the seminar format and the tests will be a combination of essays, short answer and objective questions. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### SUMMER READING GRADE 11

This course is designed to meet the Garces Summer Reading Requirement for students entering the eleventh grade. The selections from the required SUMMER READING PROGRAM will be taught in class through writing assignments, oral discussions, direct analysis and testing. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### SUMMER READING GRADE 11 (H)

This course is designed to meet the Garces Summer Reading Requirement for Honors English 11. Classes will be in the seminar format and the tests will be a combination of essays, short answer and objective questions. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### SUMMER READING GRADE 12

This course is designed to meet the Garces Summer Reading Requirement for students entering the 12th grade. The selections from the required SUMMER READING PROGRAM will be taught in class through writing assignments, oral discussions, direct analysis and testing. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### SUMMER READING GRADE 12 (AP) ENGLISH

This course is designed to meet the Garces Summer Reading Requirement for AP English 12. Classes will be in the seminar format and the tests will be a combination of essays, short answer and objective questions. Emphasis will be on the completion and passing of the summer reading requirement.

Tuition is \$200.00

(Period 4)

### INDEPENDENT SUMMER READING

This course is designed to meet the Garces Summer Reading Requirement for any student who can't take the regular reading class due to a conflict. Students will be required to receive and send assignments to the instructor and will come to school to take the tests. The instructor will facilitate the reading experience, but will not conduct a structured class discussion on each book. Students will be expected to read the book entirely on their own; however, they will be able to test on the book once they have finished reading. Students must show up on the first day of school June 3rd and meet with Mr. Detloff in Room 6 at the beginning of 4th period to get your first assignment.

Tuition is \$200.00

# High School Courses

## ACADEMIC NON-CREDIT COURSES

Students taking the following classes will receive a pass/fail grade. The grades received in these classes will not factor into the student's grade point average at Garces Memorial nor will the grade be posted on the Garces transcript. No credit toward graduation will be given for these classes.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

### TECHNOLOGY

#### **WEB DESIGN**

Students will be introduced to web page development, computer graphics and other applications. Students will construct web pages, learn publishing techniques and further enhance their existing knowledge of computers. This course is designed for students entering grades nine and ten. This is a two-week course and can be taken either 1st Session or 2nd Session.  
Tuition is \$135.00 each session  
(Period 2)

#### **ROBOTICS**

This course is an introduction to robotics and beginning computer science. Students will gain hands on experience with coding microprocessors, using electric motors, LEDs, and many other electronic components, with a goal of making a simple robot as a final project. No experience necessary but recommended for incoming 6th-10th graders.  
Tuition is \$200.00  
(Period 1)

#### **ADVANCED ROBOTICS**

This course covers advanced programming and hardware concepts associated with Lego Mindstorm robots. In this course, several robots are programmed to work together and with other common automation systems to increase the efficiency and throughput of industrial automation processes. Robot safety procedures and standards will be emphasized throughout the course. Students must have taken the Beginning Robotics class a previous summer or have a background in Lego Mindstorm.  
This course runs from June 3rd to June 28th  
Tuition \$200  
(Period 3)

### FINE ARTS

#### **GUITAR LESSONS**

This course is an introduction to playing the guitar. Students will learn the basic chords. Students will also be introduced to basic music theory: the names of the notes and strings, major and minor chords, chord structures, time signature and musical symbols. Students will learn to play and sing several songs on guitar. This class will be geared towards students who have never played guitar but would like to learn how to play. Students must provide their own guitar. This class meets Monday through Thursday.  
Tuition is \$200.00  
(Period 2)

#### **BEGINNING BAND INSTRUMENTS**

This class is for incoming seventh, eighth and ninth grade students with little or no prior music knowledge who would like to learn the basic, proper playing procedures for a school band instrument (brass and woodwinds). This class is also appropriate for experienced musicians who would like to learn a different instrument for their present school band program. Instruction will include basic music theory, rhythm, note reading and the fundamental skills necessary for performing with their school band instrument. This class meets Monday through Thursday.  
Tuition is \$200  
(Period 1)

#### **DANCE**

This course introduces students to various forms of dance including jazz, tap, ballet and hip-hop. Students will learn jumps, turns, and styles involved in each of the forms of dance. This course is designed for any beginning dance student. This is a two week class and can be taken either 1st or 2nd session.  
Tuition is \$135 each session  
(Period 3)

# High School Courses

## ACADEMIC NON-CREDIT COURSES

Students taking the following classes will receive a pass/fail grade. The grades received in these classes will not factor into the student's grade point average at Garces Memorial nor will the grade be posted on the Garces transcript. No credit toward graduation will be given for these classes.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

### MATHEMATICS

**At the end of the summer session, the course instructor, in conjunction with the specific department chair and the Assistant Principal, will review the students' grade in the summer class. Course placement for the following academic year will be determined by this review.**

#### ALGEBRA I - AN INTRODUCTION

This course is designed for students who wish to get a head start in their fall Algebra I course. The topics of algebraic expression, real numbers and solving of variable equations will be explored. This course will be equivalent to the first quarter of the Garces Algebra I (P) course. This class is recommended for incoming freshmen and for any students who will be taking Algebra I in the fall.

Tuition is \$200.00

(Periods 1, 2, or 3)

#### GARCES MATH

This course is designed as a review of basic arithmetic operations and as an introduction to Algebra I. It is also designed for the incoming Garces freshman who was recommended to take Garces Math in the acceptance letter.

Tuition is \$200.00

(Periods 2, or 3)

#### GEOMETRY- AN INTRODUCTION

This course is designed for students who wish to get a head start in their Geometry course. Topics will include the fundamentals of Euclidean Geometry, deductive reasoning and the principles of parallel and perpendicular lines. This course is particularly recommended for students who struggled in Algebra I and for any student who will be taking Geometry (P) in the fall. This course is equivalent to the first quarter of the Garces Geometry (P) course.

Tuition is \$200.00

(Periods 2, or 3)

# High School Courses

## ACADEMIC NON-CREDIT COURSES

Students taking the following classes will receive a pass/fail grade. The grades received in these classes will not factor into the student's grade point average at Garces Memorial nor will the grade be posted on the Garces transcript. No credit toward graduation will be given for these classes.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

## COLLEGE PLANNING COURSES

### COLLEGE ESSAY WORKSHOP

The personal statement essay is an essential component of the college application process. In this course students will learn proper essay format and submission protocol as outlined by the major (and most revered) American universities. More importantly, however, students will learn how to engage their readers through the use of appropriate diction, effective sentence structures, and compelling narrative designs. Throughout the course students will write, revise, and edit a series of personal statement essays and receive timely and relevant feedback from their peers and instructor. This class meets Tuesday and Thursday each week. It is a two-week course and can be taken either 1st or 2nd session.

Tuition is \$135 each session  
(Period 3)

### MATH P.S.A.T./S.A.T. PREPARATION

This course is designed with a major emphasis on improving test-taking techniques on the mathematics section of the PSAT/SAT. The math section involves a thorough review of mathematical concepts and extensive practice in problem solving. A review of general mathematics, algebra, geometry, sufficiency data problems, and quantitative comparisons will be included. Sample SAT Exams are taken weekly. This course is open to students entering grades ten through twelve. Books are required on the first day of class.

Tuition is \$200.00  
(Period 1)

### VERBAL P.S.A.T./S.A.T. PREPARATION

This course is designed to improve techniques in taking the English section (writing component included) of the PSAT/SAT. The verbal section will include extensive practice in verbal reasoning and reading comprehension. Analogies, antonyms, sentence completion questions, in addition to the Test of Standard Written English, will be thoroughly reviewed as a part of this course. A pre-test and post-test are administered to help guide students in their preparation. Sample SAT Exams are taken weekly. Open to students entering grades ten through twelve. Books are required on the first day of class.

Tuition is \$200.00  
(Period 2)

**Tuition will be \$350.00 for those students who sign up for both the math and verbal sections of the SAT Preparation class.**

# High School Courses

## ATHLETICS - NON-CREDIT COURSES

All athletic courses for students entering grades nine through twelve will be graded on a pass/fail basis with no unit value applied toward graduation and no grade posted on the Garces transcript.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

### SWIMMING

This course will provide quality and safe instruction of basic/intermediate/advanced technique involved in swimming. The focus of the class is to improve your skills and techniques while improving fitness. Each of the four competitive strokes will be learned and/or refined. Conditioning will take place each day. This is a two week course and can be taken either 1st or 2nd session.

Tuition is \$135 each session  
(Period 1, 2, or 3)

### DIVING

This course introduces the theory and practice of diving drills necessary to use the one-meter diving board. Emphasis is placed on performance of basic dives. No formal experience is necessary to take this class and is the perfect way to introduce a child to the sport of diving and provide a format for improvement. Kids of all ages and skill levels are welcome to participate. Divers must be comfortable swimming in deep water.

Tuition is \$135  
This is a two week course and can only be taken during the 1st session.  
(Period 2)

### BEGINNING WATER POLO

An introduction into the sport of water polo, this class will cover the basics of eggbeater, heads-up freestyle, passing, shooting, and the rules of the game.

Prerequisite: Students must be able to swim 50 yards heads-up freestyle, 50 yards backstroke, and tread water for three minutes. This is a two-week camp and can be taken either 1st or 2nd session.

Tuition is \$135 each session  
(Period 4)

### JV/VARSITY WATER POLO AND SWIM CONDITIONING

This course is designed for any incoming freshman and all current high school water polo players and swimmers, boys and girls, who are interested in playing water polo or participating on the swim team at high school. Strength and Conditioning will be held in the weight room on Monday and Wednesday mornings. Swimming and "in water" conditioning will occur on Tuesday and Thursday mornings. Students who plan on participating in water polo or swim are strongly encouraged to attend this class.

Tuition: \$150  
Time: 6:00-7:30AM, Mon-Thurs  
Dates: June 3-27, and July 8-18.

### GIRLS SOCCER

This course is designed for any incoming freshmen and all current high school players who are interested in playing soccer in high school. This course is designed to teach the fundamentals of soccer. Individual skills such as passing, trapping, and shooting will be emphasized. Players will also learn team concepts and how to respond to different game situations. Students who plan on trying out for any level of the Garces soccer program are strongly encouraged to take this class.

Class will meet Monday - Thursday at 2:30 p.m. on the football field.  
Tuition is \$150

# High School Courses

## ATHLETICS - NON-CREDIT COURSES

All athletic courses for students entering grades nine through twelve will be graded on a pass/fail basis with no unit value applied toward graduation and no grade posted on the Garces transcript.

**All classes go from Monday June 3 - Friday June 28, except noted otherwise.**

### FRESHMEN FOOTBALL

This class is designed for Incoming Freshmen. Students will learn the fundamental techniques of blocking, running pass routes, catching, and throwing the football. In addition, students will learn proper techniques in the weight room while conditioning for the upcoming season. Time will be devoted to field-work, strength training, and conditioning. There will also be some classroom and video instruction.

Tuition \$150

This class will practice Monday – Thursday on the football field

Time: 5:00 pm - 7:30 pm

### JV/VARSITY FOOTBALL WEIGHT TRAINING

Members of the JV and Varsity football teams are required to enroll in this course. Students will learn the fundamental techniques of blocking, running pass routes, catching, and throwing the football. In addition, students will learn proper techniques in the weight room while conditioning for the upcoming season. Time will be devoted to field-work, strength training, and conditioning. There will also be some classroom and video instruction.

Tuition \$150

The team will practice Monday – Thursday on the football field

Time: 5:50 am- 7:30 am

Strength and conditioning will be Monday – Thursday 8:00 am - 9:30 am or 1:00 pm - 2:30pm (for students who have 10 unit class)

### CHEERLEADING

This class is designed for the GMHS 2018-2019 Varsity, Junior Varsity, and Freshman cheerleading teams to prepare for their upcoming season. Cheerleaders will learn football cheers, ½ time performances, learn/advance in stunting, work on flexibility and jumps/kicks, and conditioning. This is a mandatory class for all Garces Memorial High School freshmen, junior varsity, and varsity cheerleaders.

Class meets Monday & Tuesday

Class begins June 3rd

Time: 4pm-6pm

Location: Room 21(Dance Studio)

### VOLLEYBALL

This course is designed for any incoming freshmen and all current high school players who are interested in playing volleyball in high school. The fundamentals of volleyball will be covered in a competitive fun environment. Instruction will be provided from Garces varsity coach, Kim Harper. Students who plan on trying out for any level of the Garces volleyball program are strongly encouraged to attend this class.

Tuition \$150

This class meets Monday - Thursday in the gym.

Time: 1:00 p.m. - 3:00 p.m.

### BASKETBALL - BOYS

This course is designed to teach the fundamentals and techniques needed to play high school basketball. Mr. Brian Dignan, the head varsity basketball coach at Garces will teach the class. The class will emphasize ball handling, rebounding, shooting, offensive and defensive skills. All returning high school players and incoming freshmen interested in playing basketball should enroll in this class.

Tuition is \$150.00.

(Period 2)

### BASKETBALL - GIRLS

This course is designed to teach the fundamentals and techniques needed to play high school basketball. The class will emphasize ball handling, rebounding, shooting, and offensive and defensive skills. All students entering grades nine through twelve, who plan to play basketball at Garces, should take this class. The class will meet on Monday and Wednesday 3:00 p.m. - 4:30 p.m. Fridays TBA.

Please note the first class will meet on Monday, June 3.

Tuition is \$150

# Middle School Courses

All courses are 2 weeks in length but new material is presented each session so students can take over both sessions unless noted otherwise. Most courses require the purchase of a homework packet.

## ENGLISH

### **READING LAB-LEVEL 1**

Using informational and literary works appropriate for the individual student reading level, comprehension strategies for pre reading, during reading and post reading will be practiced. An emphasis on skimming, predicting, accessing prior knowledge, inference skills and summarizing main ideas will be incorporated. The common core standards for citing text evidence, and analyzing author point of view and character point of view will be addressed. Fluency skills will also be practiced. Students will acquire general academic vocabulary and practice strategies to determine the meaning of words and phrases used in the text. The strategies and vocabulary will be tiered for individual student learning needs of remediation or enrichment. This course is designed for students entering grades five and six.

Tuition is \$135. This course is only offered Session 1 (Period 1)

### **READING LAB-LEVEL 2**

Using informational and literary works appropriate for the individual student reading level, comprehension strategies for pre reading, during reading and post reading will be practiced. An emphasis on applying inference skills to determine author point of view will be emphasized. The common core standards for citing text evidence, determining how a theme is developed, analyzing sentence structure, and analyzing how literary elements shape the plot and characters will be addressed. Students will acquire general academic vocabulary and practice strategies to determine the meaning of words and phrases used in the text. The strategies and vocabulary will be tiered for individual student learning needs of remediation or enrichment. This course is designed for students entering grades seven and eight.

Tuition is \$135. This course is only offered Session 1 (Period 2)

### **READING LAB-LEVEL 3**

Using informational and literary works appropriate for the individual student reading level, comprehension strategies for pre reading, during reading and post reading will be practiced. An emphasis on how particular lines of dialogue or incidents in a story propel the action and reveal aspects of a character will be incorporated. The common core standards for citing text evidence, determining themes, analyzing sentence structure, and analyzing how the author acknowledges and responds to conflicting evidence will be addressed. Students will acquire general academic vocabulary and practice strategies to determine the meaning of words and phrases used in the text. The strategies will be tiered for individual student learning needs of remediation or enrichment. This course is designed for students entering grade eight.

Tuition is \$135. This course is only offered Session 1 (Period 3)

### **WRITING LAB-LEVEL 1**

Participants will produce clear and cohesive writing that is developed and organized in a style appropriate for the genre. Incorporating the strategies of the Step Up to Writing Program and The Six Traits Program, writers will compose a narrative, persuasive and expository paragraph. The common core standard of organization will be emphasized. Students will demonstrate a command of the standard English. The tasks will be tiered to enrich individual student learning needs. This course is designed for students entering grades five and six.

Tuition is \$135. This course is only offered Session 2 (Period 1)

### **WRITING LAB-LEVEL 2**

Participants will produce clear and cohesive writing that is developed and organized in a style appropriate for the genre. Incorporating the strategies of the Step Up to Writing Program and The Six Traits Program, writers will compose a narrative, persuasive and expository paragraph. The common core standard of developing and strengthening writing content focusing on style and relevant supportive details will be emphasized. Students will demonstrate a command of the standard English conventions and incorporate academic and domain specific vocabulary. The tasks will be tiered to enrich individual student learning needs. This course is designed for students entering grades seven and eight.

Tuition is \$135. This course is only offered Session 2 (Period 2)

### **WRITING LAB-LEVEL 3**

Participants will produce clear and cohesive writing that is developed and organized in a style appropriate for the genre. Incorporating the strategies of the Step Up to Writing Program and The Six Traits Program, writers will compose a multi-paragraph narrative, persuasive and expository piece. The common core standard of supporting a claim with relevant evidence and appropriate vocabulary will be emphasized. Writing content will be revised for sentence variety and student reflection. Students will demonstrate a command of the standard English conventions and incorporate academic and domain specific vocabulary. The tasks will be tiered to enrich individual student learning needs. This course is designed for students entering eighth grade.

Tuition is \$135. This course is only offered Session 2 (Period 3)

# Middle School Courses

All courses are 2 weeks in length but new material is presented each session so students can take over both sessions unless noted otherwise. Most courses require the purchase of a homework packet.

## MATHEMATICS

**Note: All students registering for a math class for the first time are required to take a placement test. The test will be offered on Tuesday, April 30th at 3:45 p.m. in Msgr. Leddy Hall. The results of this test will permit appropriate placement in the math sequence.**

### **MATH LEVEL 1**

This course includes operations with whole numbers, fractions, decimals, and percentages. Students will take a pre-test to determine areas of strengths and weaknesses. With the help of the teacher and individualized materials, the student will work mainly on assessed areas of weakness. This course is designed for students entering either 5th or 6th grade but can be taken by any student entering grades five through eight.

Tuition is \$135 each session

(Periods 1, 2, or 3)

### **MATH LEVEL 2**

The class is designed as an introduction to Pre-Algebra. Students will be given a pre-test and post-test in order to evaluate progress. This course is designed for students entering 6th or 7th grade but can be taken by any student entering grades six through eight.

Tuition is \$135 each session

(Periods 1, 2, or 3)

### **PRE-ALGEBRA - 2ND SEMESTER**

This course is designed as a review of basic arithmetic operations and as an introduction to Algebra I. This course is fast-paced and the equivalent to Garces' second semester of Pre-Algebra. This course is a review in preparation for students entering Algebra I in the fall.

Tuition is \$135 each session

(Periods 2, or 3)

### **ALGEBRA I - AN INTRODUCTION**

This course is designed for students who wish to get a head start in their fall Algebra I course. The topics of algebraic expression, real numbers, and solving one-variable equations will be explored. This course will be the equivalent to the first quarter of the Garces Algebra I (P) course. This class is recommended for incoming 8th grader and any student who will be taking Algebra I in the fall. This course runs from June 3rd to June 28th.

Tuition is \$200

(Available Periods 1, 2, 3)

### **GEOMETRY-AN INTRODUCTION**

This course is designed for students who wish to get a head start in their Geometry course. Topics will include the fundamentals of Euclidean Geometry, deductive reasoning and the principles of parallel and perpendicular lines. This course is particularly recommended for students who struggled in Algebra I and for any student who will be taking Geometry (P) in the fall or any other advanced math class. This course runs from June 3rd to June 28th.

Tuition is \$200

(Periods 2)

# Middle School Courses

All courses are 2 weeks in length but new material is presented each session so students can take over both sessions unless noted otherwise. Most courses require the purchase of a homework packet.

## **BEGINNING COOKING**

This is a great class for any fifth through eighth grade student who would like to learn some basic cooking techniques. The class will cover measuring procedures and basic cooking techniques that are used in preparing casseroles and side dishes. This is an excellent class for young people to learn their way around the kitchen and being helping with meal preparation at home.

Tuition is \$150 each session(food fee already included)  
(Period 3)

**There will be different recipes used each session.**

## **ADVANCED COOKING**

This is a great class for students who have taken the Intro to Cooking Class or have previous cooking experience at home and would like to expand on their knowledge. This class will emphasize preparing casseroles, sauces, deserts, main dishes, etc. Students should be able to measure and follow a recipe with ease. This class will introduce student to more complex recipes and detailed food preparation.

Tuition is \$150 each session(food fee already included)  
(Period 4)

**There will be different recipes used each session.**

## **STUDY SKILLS WORKSHOP**

This course is designed for students who wish to improve or develop study skills. Strategies focus on organization, listening, test taking, time management, homework success, reading comprehension, writing reports and oral presentations. This course is appropriate for students entering grades five through eight.

Tuition is \$135. This course is only offered Session 1  
(Period 1)

## **PRE-SPANISH I**

This course will introduce the basics for the study of Spanish I. Topics will include the alphabet, proper pronunciation techniques, as well as an introduction to colors, numbers and grammatical structures. Students will listen, speak, read and write in Spanish from the first day of class. This class is most appropriate for those students entering grades six through eight.

Tuition is \$135 each session  
(Periods 2, or 3)

# RAM SUMMER CAMPS

In addition to our middle school courses, we have added camp options. The camps are offered at various times to allow you to build a schedule that works for you.

## BUILD YOUR OWN SUMMER CAMP!

### **SPORTS CAMPS**

BASKETBALL, TENNIS, VOLLEYBALL

### **S.T.E.M. CAMPS**

ROBOTICS, WEB DESIGN, ROLLERCOASTER DESIGN, GRAPHIC DESIGN, FORENSIC SCIENCE

### **AQUATICS CAMPS**

WATER POLO, SWIMMING, DIVING

### **FINE ARTS CAMPS**

GUITAR, BAND INSTRUMENTS, ART, PHOTOGRAPHY, DANCE

This summer you can mix and match camps and classes. The options are limitless.

You can put together a two week session that includes English + Rollercoaster Design + Diving

You can follow that up with a two week session that includes Math + Basketball + Guitar

Or you can just put several camp sessions together - Water Polo + Web Design + Art

# SPORTS CAMPS

## BASKETBALL - BOYS

This camp instructed by Head Basketball Coach Brian Dignan. Coach Dignan and his staff teach fundamentals and games are coached and refereed by Garces boys basketball players. This course is designed for students entering grades six through eight.

Tuition is \$135 each session

Both sessions are strongly recommended.

(Period 1)

## TENNIS

Have you always wanted to learn to play tennis? An introduction to the sport via the tennis court structured to utilize your child's developing motor skills, eye-hand coordination, balance, timing and patience. This camp focuses on stroke production and footwork, students work on getting the ball in play while demonstrating an understanding of the basics of form. Players are acquainted with the rules of tennis, scoring, and singles and doubles play. Students must bring their own raquet. This is a two week camp and can be taken either 1st or 2nd session.

Tuition is \$135 each session

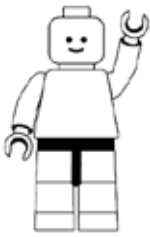

(Period 1 or 2)

## VOLLEYBALL

This camp is designed to teach the fundamentals of volleyball. Instruction will be provided in the techniques of basic skills such as serving, passing, setting, hitting, blocking, and basic court positioning. Each player will need to bring her personal gear including indoor court shoes. The camp is designed for players who want basic instruction or want to expand their skills in volleyball. Fun activities and games will be included with the skill work. This camp is appropriate for volleyball students entering grades five through eight.

Tuition is \$135 each session

(Period 3)

# S.T.E.M. CAMPS

## **BEGINNING ROBOTICS**

This is a beginning course in robotics. We will be utilizing Lego Mindstorm kits and various Lego Robotics materials. The objective of this course is to introduce the student to basic programming as well as problem solving strategies. This course will involve students in the development, building and programming of a LEGO Mindstorm robot. Students will work hands-on in teams to design, build, program and document their progress. Topics may include motor control, gear ratios, torque, friction, sensors, timing and program loops. No experience necessary

This course runs from June 3rd to June 28th

Tuition \$200

(Period 1)

## **ADVANCE ROBOTICS**

This course covers advanced programming and hardware concepts associated with Lego Mindstorm robots. In this course, several robots are programmed to work together and with other common automation systems to increase the efficiency and throughput of industrial automation processes. Robot safety procedures and standards will be emphasized throughout the course. Students must have taken the Beginning Robotics class a previous summer or have a background in Lego Mindstorm.

This course runs from June 3rd to June 28th

Tuition \$200

(Period 3)

## **WEB DESIGN**

This course is designed for a path toward future studies in web development and design. Students will construct webpages, learn publishing techniques and further enhance their existing knowledge of computers. This course is designed for students entering grades five through ten. This is a two-week class and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 2)

## **BEGINNING GRAPHIC DESIGN**

Students learn the fundamentals of graphic design. Its terminology, tools, and working methods. Emphasis is placed on computer layout skills and their application to creative visual communication, with strong emphasis on typographical technical and historical elements. In addition, students will produce and will be assessed on many projects that include creating an original layout for a newsletter, vinyl cutting, catalogue, logos and brochures as well as designing and crafting effective promotional pieces, publications and digital art. This is a two-week class and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 4)

## **ROLLERCOASTER DESIGN**

In this exciting STEM program, students will be introduced to building their own working paper rollercoaster. Using paper rollercoasters is a fun way to learn the physics of energy and motion. This is a two-week class and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 2)

## **CSI: FORENSIC SCIENCE**

Students will find themselves at the scene of a crime where their job will be to gather evidence, analyze, then solve the crime. They will explore evidence collection, fingerprinting, chromatography and splatter analysis. Students will also learn how to use laboratory equipment and metric measurements. This is a two-week class and can be taken either 1st or 2nd session.

Tuition is \$140 for each session. Lab fees already included.

(Period 3 or 4)

# AQUATICS CAMPS

## **SWIMMING**

This camp will provide quality and safe instruction of basic/intermediate/advanced technique involved in swimming. The focus of the camp is to improve your skills and techniques while improving fitness. Each of the four competitive strokes will be learned and/or refined. Conditioning will take place each day. This is a two-week camp and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 1, 2 or 3)

## **BEGINNING WATER POLO**

An introduction into the sport of water polo, this class will cover the basics of eggbeater, heads-up freestyle, passing, shooting, and the rules of the game. Prerequisite: Students must be able to swim 50 yards heads-up freestyle, 50 yards backstroke, and tread water for three minutes. This is a two-week camp and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 4)

## **INTERMEDIATE WATER POLO**

This course is designed for any middle school students who already have a basic understanding of water polo. This class will review the basics of eggbeater, heads-up freestyle, passing, shooting, and the rules of the game. Prerequisite: Students must be able to swim one length of the pool. This is a two week course and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 4)

## **DIVING**

This camp introduces the theory and practice of diving drills necessary to use the one-meter diving board. Emphasis is placed on performance of basic dives. No formal experience is necessary to take this class and is the perfect way to introduce a child to the sport of diving and provide a format for improvement. Kids of all ages and skill levels are welcome to participate. Divers must be comfortable swimming in deep water.

Tuition is \$135

This is a two-week camp and can only be taken during the 1st session.

(Period 2)

# FINE ARTS CAMPS

## GUITAR LESSONS

This camp is an introduction to playing the guitar. Students will learn the basic chords. Students will also be introduced to basic music theory: the names of the notes and strings, major and minor chords, chord structures, time signature and musical symbols. Students will learn to play and sing several songs on guitar. This camp will be geared towards students who have never played guitar but would like to learn how to play. Students must provide their own guitar. This camp meets Monday through Thursday.

Tuition is \$200.00

(Period 2)

## BEGINNING BAND INSTRUMENTS

This camp is for incoming seventh, eighth and ninth grade students with little or no prior music knowledge who would like to learn the basic, proper playing procedures for a school band instrument (brass and woodwinds). This camp is also appropriate for experienced musicians who would like to learn a different instrument for their present school band program. Instruction will include basic music theory, rhythm, note reading and the fundamental skills necessary for performing with their school band instrument. This camp meets Monday through Thursday from June 4 to June 28.

Tuition is \$200

(Period 1)

## DANCE

This camp introduces students to various forms of dance including jazz, tap, ballet and hip-hop. Students will learn jumps, turns, and styles involved in each of the forms of dance. This camp is designed for any beginning dance student. This is a two-week camp and can be taken either 1st or 2nd session.

Tuition is \$135 each session

(Period 3)

## ART - DRAWING & DESIGN

This is a beginning level art camp that introduces the fundamentals of drawing. An emphasis will be placed on the six elements of art: line, shape/form, space, value, texture, and color. Students will also be exposed to some principles of design. Student work will include the following projects: cubism, pointillism, nonobjective abstract, one and two-point perspective, color wheel, and fourth objective abstract. Students will be using a variety of mediums; pencil, colored-pencil, ink and paint. This camp is designed for students entering grades five through eight.

Tuition is \$135 each session.

(Available Periods 1, 2, 3, or 4)

## PHOTOGRAPHY

This camp is designed to produce an appreciation of the art of photography while developing an understanding of the field of photography. The students will participate in a hands-on camp in taking pictures, while also learning about the history and evolution of the art of photography. No experience in photography is necessary. A digital or DSLR camera is required. This camp is open to students entering grades six through twelve and will be beneficial to students who plan to work on school publications such as newspaper or yearbook.

Tuition is \$135 each session

(Period 1)
