

GARCES MEMORIAL HIGH SCHOOL 2019-2020 IPAD USER AGREEMENT AND TECHNOLOGY ACCEPTABLE USE POLICY

The focus of the Technology program at Garces Memorial High School is to provide tools and resources to the 21st Century Learner. Excellence in education requires that technology is seamlessly integrated throughout the educational program. Increasing access to technology is essential in today's world. The individual use of iPads and other technological devices is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

Significant learning is a result of the continuous dynamic interaction among students, educators, parents, and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with iPads and other devices integrates technology into the curriculum anytime, anywhere.

The policies, procedures and information within this document apply to all iPads, computers, cell phones, cameras, and other technological devices used at Garces Memorial High School, or considered by the administration to come under this policy. Teachers may set additional requirements for use in their classroom.

I. IPAD USER AGREEMENT

Equipment

Garces Memorial High School retains ownership of the iPad and related equipment, when the device is on campus. The iPad will belong to the students according to the guidelines set forth in this document. The Technology Department retains the right to collect and/or inspect the iPad at any time and to alter, add, or delete installed software or hardware.

Substitution of Equipment

In the event that the iPad is inoperable, Garces Memorial has a limited number of spare iPads for use while the iPad is repaired or replaced. This agreement remains in effect for the substitute. If a student forgets to bring their iPad or power charger to school a substitute may be provided, if available. If the device is broken beyond repair, a new iPad must be purchased through Garces Memorial High School.

Customization of Equipment

Each student will be permitted to alter or add files to customize the assigned iPad to their own working styles. Any student found to have inappropriate material, images, music, etc. will have disciplinary action taken. Students are prohibited from installing any non-authorized software that does not come directly from the Apple App Store or altering their device in any way, including "jailbreaking" which would void the terms of the AppleCare+ service contract, which is attached to and constitutes a part of this agreement. The Garces Memorial Technology Department and faculty have the right to inspect all iPads at any given time without notice.

Jailbreaking an iPad modifies the Apple operating system in such a way that the iPad is no longer usable at Garces Memorial High School. If jailbreaking occurs on the student's device, the undersigned is responsible for both the cost of the original iPad as well as the cost of a replacement.

Damage or Loss of Equipment

Students are solely responsible for the care and safekeeping of their iPads. Any loss or damage to the iPad or related equipment (outside of reasonable wear and tear), regardless of cause, will be the financial responsibility of the student and person(s) signing this agreement. All repairs and replacement iPads must be handled by the Garces Memorial Technology Department. All students must purchase the Garces approved case, and it must remain on the iPad at all times. iPads not in the approved case will be confiscated until the student provides one. In the event that any damage occurs or if the iPad is lost or stolen, it must be reported to the Technology Department immediately. Each iPad is covered by an AppleCare+ service contract, which is attached to and constitutes a part of this agreement. Under the terms of the service contract, damaged iPads may be replaced by Apple up to two times per unit; certain restrictions may apply. There is a minimum deductible fee of \$50 for any AppleCare+ repairs, additional cost may be applied. After two AppleCare+ repairs either full repair cost or replacement becomes the responsibility of the person(s) signing this agreement. A replacement iPad will be

provided by the school until the repaired unit is returned. Damage or loss not covered under the service contract becomes the responsibility of the person(s) signing this agreement. iPad Chargers and cables are not covered under Apple Care+, parents are responsible for replacing damaged or non-working with only Apple manufactured chargers and cables.

Use of Camera Feature

The camera feature on the iPad may not be used on campus or at any school-related activity without express permission from the instructor or administrator in charge of the activity. No photos, video or audio recording of any individual may be taken without their permission. Any use of cameras in restrooms or locker rooms at any location, regardless of intent, will be treated as a serious violation. Any material discovered on the device or appearing in social media that is deemed inappropriate by the administration is subject to disciplinary action.

Student Discipline

Under no circumstances should iPads be left in unsupervised areas. Unsupervised areas include, but are not limited to, the school grounds and campus, the cafeteria, computer lab, locker rooms, library, unlocked classrooms, gym, weight room, and team transportation buses. Any iPad left in these areas is in danger of being stolen. If an iPad is found in an unsupervised area, it will be taken to the main office or the Technology Department.

Release of Liability

In consideration for receiving the iPad from Garces Memorial, each student and his or her parents or legal guardians agree not to sue and hereby releases, waives, discharges, holds harmless, indemnifies, and defends Garces Memorial High School and the Roman Catholic Diocese of Fresno, as well as their respective employees, personnel, staff, volunteers, agents, directors, affiliates, and representatives, from any and all liability, losses, damages, claims, actions, and causes of action of every nature for any and all known or unknown, foreseen and unforeseen, bodily or personal injuries, property damage, or other loss, whether claimed by the student, parent, legal representative, or any third party, relating in any way to the use of the iPad furnished by Garces Memorial to the student.
